

### **Crestview Housing Authority**

GLE was recently selected to provide AE and environmental consulting services to the CHA. Via this term contract, GLE's initial task was to perform a Section 504/ADA survey of CHA's four properties and perform lead-based paint surveys. Based on the findings of these surveys, GLE is providing the AE services necessary to bring CHA's four communities into 504/ADA compliance. This project will require the conversion of 19 units to 504 units. GLE is also providing services for the modernization of the Virginia Court Apartments as well as exterior repainting to the Neal Cobb Villa and Ed Hill Manor Apartment Communities.

### **Clearwater Housing Authority**

GLE is completing architectural services for the CHA's Barbee Towers. Included in the scope of this project are window and door replacements, as well as hurricane hardening for this 12 story high rise. GLE also provided design services for the replacement of emergency generators on two high-rise housing sites.

### **Lee County Housing Authority**

As part of a term consulting contract, GLE has recently assisted LCHA by assessing properties and preparing cost estimates for repairs based on the property assessments as part of LCHA's development and re-development efforts.

### **St. Petersburg Housing Authority**

GLE has been providing design services, construction document preparation and construction administration services for various revitalization projects for SPHA. Additionally, because of GLE's in-house environmental consulting staff, we provided professional consulting services in the areas of lead-based paint, asbestos and radon mitigation.

### **Fort Pierce Housing Authority**

GLE was recently awarded an AE renovation/modernization project for the FPHA's Wildwood residential community. GLE is also contracted by the FPHA to provide IAQ consulting services, consisting of Preliminary Mold Assessment (PMA) and Post Mold Remediation Testing (PMRCT).

### **Eustis Housing Authority**

GLE completed the design of central air conditioning (HVAC) systems in 60 housing units for EHA.

### **Manatee Housing Authority**

GLE provided the design of HVAC upgrades for MCHA's 80 unit community.

### **Marietta Housing Authority**

GLE was selected in April 2009, as the consultant to provide Physical Needs Assessments and Viability Assessments for MHA's public housing communities.

### **Union County Housing Authority**

GLE is currently providing UCHA with complete Physical Needs Assessments of their units.
