

FEDERAL CAPABILITY STATEMENT

For more than 35 years, GLE Associates has assisted our Federal clients by providing cost effective and timely solutions to complex **environmental**, **industrial hygiene**, **building forensics** and **construction** challenges. Led by our team of Professional Engineers (PE), Professional Geologists (PG), Certified Safety Professionals (CSP), and Certified Industrial Hygienists (CIH), our Federal teams have demonstrated experience, technical expertise, and consistent excellence in project execution and delivery.
